ACDC – November, Report

Another year is rushing to its end. What beautiful sunshine we are having at the moment! Great for the haymakers.

Welcome to ACDC: The November meeting welcomed Alana and Michelle as new executive committee members and also accepted Bill and Perrin as new Members to our Association.

Broken seat on River Walk: The recently broken seat has been removed. Funding for a new seat has been donated by members of the public. Council have given approval for a replacement, and the new seat will be installed towards the end of December.

Council Chambers on St. Vincent Street:

New furniture has been purchased from the Auburn Community Grant and the Stonemason is to commence work in the basement early in December and the perimeter in March 2027. The *Working Group* are busy planning for the second **Twilight Christmas Market**, to be held in the grounds of the beautiful building on **Saturday 5th December 5pm-8pm**. Come along and enjoy the atmosphere of a village market, Christmas, and a joyous community.

ACDC Constitution: Following our Annual General Meeting, the process to register ACDC's new constitution and change of Public Officer has been initiated.

Auburn Streetscape Community Meeting: Thank you to community members who attended and participated, as well as those who provided input via emails.

Thank you to Council's Acting CEO Richard Dodson, Elected Councillors Leon Bruhn, Anne Alder and Malcolm Bartholomaeus, for attending our community meeting.

The aim of the meeting was to collate input from participants on preferred *streetscape* projects and then request Council's consideration for allocation of funds on these projects in the current Council budget.

Overall, the meeting was well attended with positive outcomes. Participants' responses were collated, which then provided a list of preferred projects. The results have indicated overwhelming support for **street trees** for shade, a **street water fountain**, **street seating** and **covered garbage bins**. ACDC has submitted this information to Council requesting their consideration of this information.

U2KIDS Halloween: **U2KIDS** held a very successful Halloween event in Centenary Park taking over $1000 for the event. Well, done to

the organisers and thank you to all the volunteers who assisted to make this such an exciting event for our community. Thank you also to the many families who supported the event.

ACDC & U2KIDS: We were shocked recently when **U2KIDS** received a letter from Council**,** supporting in principle the *bike track project* in Auburn, but also raising many questions about the chosen location for the track, matters related to the development application and related long-term matters. We will be working hard to ensure this project comes to fruition for our young people as well as older members of the community, as this project is aimed at '*all wheels, all ages, all abilities'*. **Watch this space!**

Melbourne Cup Lunch: Auburn Institute Management Committee, in collaboration with the local Women's Auxiliary of the Friends of the Women's and Children's Hospital, organised a very successful Melbourne Cup event**,** with delicious food, great entertainment and good company.

Thank you to the many guests who came along to support this important fundraiser, and thank you to the organising volunteers for their contribution behind the scenes. Well, done to all.

Christmas Preparation: the Auburn streetscape is usually adorned with decorations in early December. This will again be the case for 2026. This is a call out for anyone interested in assisting with tree decorating, bow tying, street decorating, etc. Please phone Rhonda on 8849 2389 to volunteer for just one or two hours for the setup session. Date and timing will be dependent on volunteers.

The Christmas Eve in the Park: This event will take place on Thursday 24th December. Watch the *Digital Noticeboard* for the details with details of food, music, the raffle, Santa's Cave and more. More information in the December edition of the Auburn Express.

Child Safe Policy: ACDC executive committee has undertaken to develop a **Child Safe Policy,** which will provide guidance to our members when working with the younger members of our community.

Our next ACDC meeting is proposed earlier - the 1st December 6pm to beat the Christmas rush.

Rhonda Seymour, Chair.

Auburn's History Column:

Institute Hall since 1866 – 160 years!

The fact that we have a town hall today where we can meet as a community and make available to those requiring a well-appointed venue, is only because we have had generations of volunteer committee workers, giving up their time or donating to the fund raisers.

ACDC's Chair's comment: *It would be appropriate at this time, to acknowledge the contributions made to the building and our community by the previous Saddleworth and Auburn Council for infrastructure (current toilet facilities and small shop space) and the Clare & Gilbert Valleys Council for the more suitable rendering of that same section of the building, followed by the granting of $220,000 for the major maintenance program which was undertaken in 2017-18 (new roof, new ceiling, internal painting, lighting, access ramp on King St). These financial contributions can be celebrated as important milestones in the building's history, ensuring its safety and preservation for the future, but the heart of the building keeps pumping because of our wonderful community members who care for it, and use it.*

Pioneers of Auburn first met in a blacksmith shop in 1850 for a church service, later for various purposes met in the loft of the Rising Sun Inn Stables. This loft took the place of a public meeting place, generously loaned by J. E. Bleechmore, the publican, established in 1851. Used as the Court house before the Auburn Police station and Courthouse was built and for School meetings and fundraising bazaars while fund raising to build the school, which was built in 1860. Also used for social occasions and dances, some Anglican church services in the "Courthouse", and a temporary Post Office and Telegraph Station before the Post Office was built with first instruments installed by Charles Todd, who sent the first message from Auburn in 1862.

It had been decided to build a Town Hall in 1865 which James McGeorge was commissioned to design. His tender invitation was published and the contract awarded to Scott, Meller and Threadgold for the sum of £1,690 in November 1865. (Some later costs for further building were recorded taking the sum to £2,000, with the land cost £63). This side of the Great Northern Road was not built on until the survey of the land on the east side of the road took place. Stonemasons were Meller and Scott and Threadgold the carpenter. According to Joseph Meller's grandson, Clem Meller, William Dunlop did the plaster moulding inside by hand with few tools.

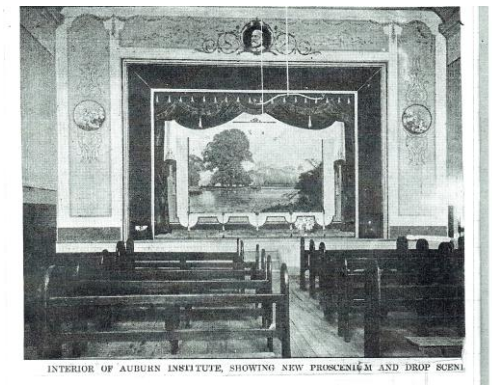

Institute building – Auburn National Trust

To build the town hall an Auburn Town Hall Company was floated, built by a limited liability company with a capital of 800 shares at £2.10/- each. The foundation stone was laid by the Chairman of Directors, Mr A. King, on January 1st, 1866. Mr. W. T. Bleechmore was the secretary. The company was not a

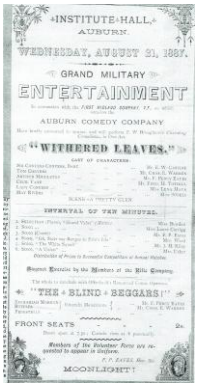

success; the promised growth of the area did not eventuate so the townhall and offices were put up for sale in 1871. The building fell into the hands of Mr F. Treloar and as Mr Frank Treloar was the mortgager, the committee bought the then insolvent Town Hall for £1,000.
In the 1870's a Floricultural and Horticultural Society started holding annual shows. The containers for these shows were only discarded in 2016.
As a fund raiser the committee built the rooms (now flats) east of the hall towards the river, which were sold to Arthur King, auctioneer, then to J. E. Bleechmore.

At first kerosene lamps provided lighting, then acetylene gas produced by the Institute, illuminated the building in 1871.

INTERIOR OF AUBURN INSTITUTE, SHOWING NEW PROSCENIUM AND DROP SCENE

In August 1881 a new proscenium and drop scene was installed in the Auburn Institute Hall through the generosity of the Oddfellows and Foresters Lodge. Photo Castine Journal, State Library of SA

Mr Fry carried out the work. It was decided that an amateur musical and dramatic entertainment should be given to celebrate the completion.

Some of the entertainment included roller skating. The Auburn Institute set up a skating rink in 1889

A number of flyers advertised the entertainment groups, being Auburn Comedy Company, and the Auburn Surprise Party. There was information about the Moon will be in Full Dress for the Fancy-Dress Carnival at the Auburn Skating Rink, with special arrangements for admission charges for parents with a dozen or more children.

The hall, by 1890, was free of debt, owing to the constant work of the then secretary, Mr Jamie Ford, manager of the National Bank. (But financial problems many times since!)

Additional rooms were completed in 1884, built by J. Meller and R. Smith., Mr Naish being the architect. These have the name Auburn Institute on top of them. The rooms face King Street; the foundation stone being laid by Mrs Harvey (the Doctor's wife).

Fire Advice

FIRE DANGER SEASON

landowner responsibilities

As Fire Danger Season approaches, we'd like to offer a friendly reminder about your responsibilities as a landowner under the Fire and Emergency Services Act 2005.

In the Mid North district, the Fire Danger Season typically begins on either November 1st or 15th. In preparation, from 1 October the Council's Fire Prevention Officers will be inspecting properties for excessive grass, weeds, or undergrowth that could pose a fire risk.

To help keep our community safe, we ask for your cooperation in reducing potential fire hazards on your property. Taking early action can help avoid the need for formal enforcement by the Council and significantly reduce the risk to your home and the wider community.

Here's what you need to know:

- All property owners must take reasonable steps to prevent fires. As a general rule, we recommend any grass, weeds, and flammable undergrowth should be kept below 10 cm throughout the Fire Danger Season.

For properties 0.5 hectare or smaller: we recommend the entire property must be cleared.

For properties larger than 0.5 hectare we recommend you:

- Maintain a 20-metre fire break around any dwelling.
- Maintain a 5-metre fire break around other buildings and structures.
- Maintain a 5-metre fire break along all property boundaries.

We appreciate your attention to this important matter and your efforts to help protect our community.

If you have any questions or need further information, please feel free to contact the CFS at 1300 362 361 or Clare & Gilbert Valleys Council's Fire Prevention Officer at 8842 6400.
